About Your Account

Get the Mobile App

Scan the QR Code below with your mobile device to begin downloading the free KidCheck Mobile App from the App Store.

Your Account Information

It's critical that your childcare providers have your contact information in case they need to contact you.

- Set Check-in PIN
- Single Sign-On
- Change Password
- Change Username
- Cancel Your Account

Your Preferences

Text Message Options

Allow childcare providers to send text messages in case of emergency. Additionally, receive text message alerts when children are checked-in/out.

(A Primary Guardian can enable you to receive check-in/out notifications for his children via his account preferences.)

Standard messaging rates may apply.

Allow Emergency Text Messages:

- Enable
- Disable

Text Notifications for Primary Children:

- Send check-in notifications
- Send check-out notifications

Select Your Cell Phone Carrier:

T-Mobile

[Send Test Message](#)

You can also enable text notifications for your Authorized Guardians [here](#).

E-mail Permissions

Setup your e-mail preferences to allow your child care providers to communicate with you over e-mail. If you enable e-mail communication, only childcare providers that you have checked into previously can send you e-mail by default.

Allow E-mails from Childcare Providers:

- Enable
- Disable

Allow Child-Care Provider Updates

Allow your child-care providers to update information on your profile on your behalf. All updates are tracked and you can override any changes at any time. This setting affects your information as well as all of your children's information.

Allow Profile Updates

- Enable
- Disable
